The current version of our Home Inspection Software is now available. Included with the report standards, is a collection of auto text entries to make report writing more efficient. Also, included with software is a standard and updated Home Inspection Contract. All reports and the contract can be easily modified to include your personal company information. Our software is PC compatible with Windows XP, Windows ME, and Microsoft 2000.

YOU MUST HAVE MICROSOFT WORD TO RUN THE TEMPLATES.

Microsoft works or microsoft wordpad will not support the software. The cost for the entire software package is \$385.00. If you have not already ordered a copy; detach, complete, and mail the order coupon along with a check, money order, or credit card information to the address above. Once we have received payment, a copy of the software along with loading instructions will be sent to you.

For those who have used our software in the past, you may update your current software by returning your original copy of the software and the coupon below. The new software will be sent to you free of charge.
